CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Four Scouts Attain High Rank Of Eagle

Robert Boe, Wayne Boynton, John Hundley and Mike Watkins, members of Pahokee Boy Scouts Troop 628, all became Eagle Scouts, the highest rank in Scouting, in an impressive ceremony held during the Troop 628 Court of Honor in the high school auditorium Tuesday night with Paul Rardin, vice chairman of the Palm Beach County Commission, acting as master of ceremonies. The Eagle awards were made by Mayor F. S. (Dick) Parrish who congratulated the four boys for the high honor the Eagle rank signifies, the goal for which all good Scouts strive but few have the perseverance to attain.

Roger Simonson and Jimmie Vandegrift were advanced to Star Scouts; Bruce Boynton, Buddy Culberson, Joe Graham, Mead Maxwell, John Robbins and Chuck Pell, First Class Scouts, and Harry Cunningham, Second Class Scout. These advancements were awarded by Robert E. Simonson, chairman of the board of review.

Web Pell, institutional representative of the Pahokee Lions Club, sponsor of Troop 628, presented Tenderfoot Scout awards to Cal Spooner, Buddy Olsen, Michael Sanders, Jim Tyson, Walter Young, Franklin Branch and Sammy Lemonds.

Merit badge awards were presented by R. M. Sanders, troop committee, to Wayne Ludlum, art, citizenship in the home, swimming, lifesaving; James Batchelor, home repairs, music; Jimmie Vandegrift, cooking, camping, athletics, bugling; Roger Simonson, world brotherhood; Joe Graham, home repairs; Skeets Boe, camping; William Boe, pets, first aid; David Beede, pets; Mead Maxwell, coin collecting; Roger Hutton, public health.

Eagle Scout Robert Boe was in charge of the ceremony initiating four Cub Scouts into Troop 628. The group included Joe Erby Thompson, Jim Tyson, Reed Tillery and Mike Cowart.

Scoutmaster Louis Mims led the Scouts in both the opening and closing ceremonies. The Rev. Clare S. Hall, pastor of the First Methodist Church, gave the invocation and benediction.

Recognition was given to H. H. Austin, leader of the Webelos; Vance Denton, advancement chairman (continued on page 8)

Wildlife Is Topic Before C. P. Lions

Tom Wyman, an officer of the Florida Game and Fresh Water Fish Commission who is stationed in the Palm Beach Conservation area, was guest speaker at the weekly dinner meeting of the Canal Point Lions Club and showed two films on "Florida Wildlife." The speaker was introduced by J. W. Repper in the absence of P. A. Sloaker who arranged the program. President H. H. Sears called upon chairman of standing committee for reports of club activities for the past month.

Road - Bridge Work By SRD 182 Million

Over \$182 million in road and bridge construction projects were underway in the state during April, according to a monthly progress report issued today by Joe Grotgeut, Chairman of the State Road Board.

In addition to the \$182,727,724 of projects already under construction, Chairman Grotgeut said that bids were received for \$11,774,982 in new construction. During the month contracts were awarded formally for road construction totaling \$6,758,235, while work completed and accepted by the Department in the period amounted to \$6,810,465.

William D. Singer of Miami, Road Board member from the Fourth District, reported that construction under 43 contracts in the 9 counties comprising this district accounted for \$43,248,907 of the state total.

Cafeteria Group In Regular Meeting

The Palm Beach County School Food Service Association held its regular meeting in the new lunch room in Pahokee on Saturday May 23rd. Mrs. Caroline Browning, president, presided. School lunch room personnel from all over the county attended.

A short business session was held after which Mrs. Jane D. Lansing, county school lunch room supervisor announced the food serving training course would be held in July at the Junior College in West Palm Beach. The National Convention to convene in California the first week of August and the State Convention for 1960 will be held in West Palm Beach. Mrs. Glazier made a report on the 1959 State Convention held in St. Petersburg in April.

Miss Frances Houchard, Broward County School Lunch Room Supervisor and President of the Florida Association was guest speaker. She spoke on the importance (continued on page 8)

JON POPE GRADUATES

Mr. and Mrs. E. L. Pope, Sr., son, Allen and her mother, Mrs. J. V. Chastain will attend graduation exercises at Tulane University, New Orleans, La., this weekend when their son, Jon, will receive his B. S. degree. Mr. and Mrs. Pope will also attend a coffee given by Dean and Mrs. William Peery for honor students and parents Saturday.

Judge Morrow Is Jr. High Speaker

Sixteen Eighth Grade graduates, eight girls and eight boys, of the Canal Point Junior High School will receive certificates of graduation at the Commencement Exercises to be held in the school auditorium Friday, June 5, at 9 a. m.

Judge Russell O. Morrow will deliver the commencement address to the graduates. He will be introduced by Paul Rardin, vice chairman of the County Commission. A. R. Harrington, school trustee will introduce Mr. Rardin.

Thurmond W. Knight of Lake Park, member of the County Board of Public Instruction, will present the certificates to the graduates. The Rev. Charles D. Stewart, pastor of the Canal Point Baptist Church will give the invocation and benediction. Mrs. Billie Huddle, pianist, will play the processional and recessional for the graduates. Principal W. W. White will act as master of ceremonies.

The graduating class includes Charlotte Craton, Patricia Parker, Gale Sears, Joyce Sims, Constance Singletary, Peggy Turner, Velma Williams, Amy-Roell Young, Paul Dixon, Roy Goodson, George Jackson, Michael Maxson, Eugene Stacy, Curtis Stevens, James Veal and Roy Tucker.

Power Company Is Granted Franchise

After many years operation in the City of Pahokee without a franchise now the Florida Power and Light Company will be awarded one as the result of a special election held on Tuesday of this week. Voters in an overwhelming majority of 559 to 81 authorized the City Council to grant the Power Company a 30-year franchise to furnish electricity for the City.

United effort on the part of civic clubs, the Garden Club, Business and Professional Woman's Club and the Pahokee Woman's club, coupled with an all-out effort on the part of those citizens who were and are interested in the future growth of Pahokee, brought about the decisive affirmative vote in the favor of the franchise. Twice before in special elections the idea had been defeated.

Under the franchise the City will receive 6 per cent of the revenue from residential and commercial establishments after taxes are paid by the Company. Had the franchise been operative in 1958 the City would have received \$12,161.00 over and above taxes.

\$500 Raised Here For Cancer Drive

Canal Point residents contributed \$500 to the American Cancer Society in recent ACS fund-raising drive conducted in the community by Mrs. Duke Tucker.

Mrs. Tucker, who was assisted in the drive by Mrs. Alma Burr, Mrs. James Gibson, Mrs. Delmar Hooks and Sammy Atwell, wishes to thank all others who contributed in any way to make the drive such an outstanding success.

Observer Editor Is Rotary Speaker

"This Thing Called Service" was the topic discussed at yesterday's regular weekly Rotary meeting by Editor Luther York of the Glades Observer in Pahokee. Mr. York was introduced by Wiley Tillis who was in charge of the program.

With 15 years membership in Rotary in his former home in Tennessee, Mr. York was well qualified to discuss the subject he brought to the Rotarians. He pointed out that in rendering a service one must truly follow the rule of Rotary which says: "Service Above Self."

New Sidewalks In City Of Pahokee

The Pahokee City Council in regular session Monday night received a petition from property owners on the north side of Second Street between Annona and Banyan Avenues requesting that the city build cement sidewalks in front of their property. The petition was granted.

In a move to improve the lighting system at Pahokee Harbor the Council authorized the installation of six additional lights on the breakwater and three additional lights along the foot of the levee south of the breakwater. The installation of a light at the junction of Larrimore Road and Eleventh Avenue in the Ridgecrest residential area was also authorized.

Councilman Hugo Boe was appointed to represent the city and work with civic groups in the current effort to obtain city mail delivery service for Pahokee.

Mrs. Frank Friend Again Heads Club

Mrs. Frank Friend was installed president of the Pahokee Woman's Club at the annual installation luncheon held in the clubhouse Wednesday with Mrs. Ivan Van Horn of Belle Glade acting as installing officer.

Other officers inducted by Mrs. Van Horn were Mrs. Sam Humphreys, first vice president; Mrs. J. R. York, second vice president; Mrs. C. C. Lemonds, recording secretary; Mrs. B. R. Mosley, corresponding secretary; Mrs. Manning I. Keen, treasurer; Mrs. Robert J. Schroder, parliamentarian; Mrs. Lewis Friend, auditor.

Prior to the installation Mrs. Friend, who was re-elected president, thanked the officers who had served with her during the past year for their cooperation in making it a successful club year. She was presented with a gift from the club with Mrs. Claud Morgan making the presentation. Corsages were pinned on the incoming officers by Mrs. Morgan. Gifts were (continued on page 8)

BRIDGE LUNCHEON

Mrs. Edgar Wilder, Mrs. Claud Morgan and Mrs. Leonard Dobrow entertained with a bridge luncheon in the social hall of the Elks Club with approximately 80 guests attending. Prizes were awarded to Mrs. Melvin Spooner, high score, and Mrs. Ralph Johnson, second high.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The Pioneer Garden Club of Lake Worth, this week won County Commission assurance that a space would be set aside in a Lake Osborne island as a garden center if a joint plan for use of the center could be worked out.

Representatives of the Garden Club said the organization had \$5,000 available to start construction of a club house and beautification program.

The board suggested that other garden clubs be asked to join in the project and that a joint meeting be called with County Commissioner Roy Michael to draft plans for the center.

In other actions this week the commission:

Received the 1959-60 tax levy from the Central and South Florida Flood Control board—a levy of 3-4 mills, the same as last year.

Received bids for construction of an office building for the county maintenance headquarters on Congress Ave.

Received a resolution from the Lake Worth Chamber of Commerce asking that a road be built connecting that city with the community of Lake Clarke. The board decided if the city of Lake Worth

made such a request it would be considered as a possible project in the county's road program.

Heard a report from Commissioner Rardin on repairs needed for the county jail and authorized expenditures for plumbing work and painting.

Look To Future For More Growth

The county commission took another step in a program to encourage new industry in the area Monday when they formed a Palm Beach County Planning and Public Relations department.

The new section was proposed by Commissioner Kenneth Foster who said some type of organization should be set up at this time, in order that preliminary work for an industrial bureau could be accomplished.

He said the department, which will have no funds set aside for its operation at this time, should be under the control of the county commission.

Foster was delegated by the board, to contact the Resources Development Board, the West Palm Beach Chamber of Commerce and the Committee of 100 to formulate plans and objectives for the new department.

Earlier this month the commission noted that with closing of Palm Beach Airforce Base, a huge payroll will be taken out of this area. Commission Chairman Lake Lytal said the board should be making immediate plans to encourage new industries to locate in the county.

Home Of Mrs. Holt Scene Baptist Circle

The Hannah Scoggin-Annie Jones Circle of the Canal Point Baptist WMU met at the home of Mrs. A. T. Holt for their May meeting, on Thursday night May 21st at 8 p. m. Mrs. E. B. Gamble, President of the General WMU of the Pahokee Baptist Church, was in charge of the program, which consisted of a mission study on the book "The Holy Spirit in Missions." Mrs. Gamble presented a very impressive study of half of the book and it was announced that she will complete the study at the June meeting of the Hannah Scoggin-Annie Jones Circle to be held at the home of Mrs. G. T. Echols, June 11th at 8 p. m.

Mrs. Edna Maxson opened the meeting with a devotional, following in prayer by Mrs. Eunice Hughes. Mrs. Hughes also gave the call to prayer for the day from the Royal Service.

Mrs. Alma Nall, Circle chairman, presided over the business session, and Mrs. J. S. Atkins closed the meeting with prayer.

There were 15 members present.

Mrs. John Hatton Is Sorority Head

Ten Pahokee members of the Beta Sigma Phi Sorority have organized the Xi Beta Tau Chapter, a new exemplar group, and have elected as chapter officers Mrs. John Hatton, president; Mrs. Lois White, vice president; Mrs. W. K. Aldridge, recording secretary; Mrs. Harold Wilkinson, corresponding secretary, and Mrs. W. O. Moss, treasurer.

The first regular meeting of the new chapter was held at the home of Mrs. Ellis Wilkinson. Appointed as chairman of standing committees were Mrs. Ellis Wilkinson, program; Mrs. Charles Wilkinson, social; Mrs. Gene Watts, publicity; Mrs. David Unwin, sunshine and secret sister; Mrs. Richard Nason, scrapbook and hostess.

Floor Covering Must Be Repaired

"We got a lousy job—unsatisfactory to the nth degree" was the way Commissioner Paul Rardin described a cork floor in the new county office building in the Glades.

Rardin said the floor covering is peeling off and charged the installation was faulty.

He won approval of the board to notify John Tschirgi, contractor on the project, to fix the floor or else a suit will be instituted if corrections are not made.

Rardin went further in connection with construction of county buildings.

He noted that the board was soon to start construction of a new health building and he suggested the board retain a competent engineer to supervise the job "and see that everything is done by the book."

We have to make sure, Rardin declared, that the contractor is doing everything he is supposed to do for the tax payer's money.

Alfred Bowtie Robinson, Jr., son of Mr. and Mrs. A. B. Robinson of Pahokee, received a Bachelor of Science degree from Bob Jones University, Greenville, S. C., at commencement exercises held at the university Wednesday morning, May 27.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4486.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Turnpike Travel Near Peak Levels

FT. LAUDERDALE — Travel on the Sunshine State Parkway, Florida's Turnpike, during April continued at near peak levels, Thomas B. Manuel, Chairman of the Florida State Turnpike Authority, said today.

April gross revenue exceeded that of every month, except two, during all of 1957 and 1958, Manuel said.

Only March of 1957 and 1958 exceeded April results. However, April revenue was topped by each of the first three months of 1959, Manuel said.

"The April figures are particularly gratifying inasmuch as it definitely shows that the residents of Florida are using the Turnpike more and more. The peak of the winter touring season is over, but Florida people are keeping Turnpike travel at a high level. The trend has continued throughout May," Manuel said.

He pointed out that April gross revenue of the Turnpike showed a gain of 10 percent over the same month a year ago.

Each month since last September shows gains over the same month the previous year.

Total revenue for April was \$440,459.21 for a gain of \$39,617.94. Net revenue for the period was \$34,385,449 for an increase of 16.8 percent or \$49,584.69 over the same month in 1958.

Vehicles using the Turnpike in April numbered 332,247 for an increase of 11.2 percent. Truck traffic showed a gain of 12.9 percent over the previous year in April. Mileage for all vehicles was 16,472,692 in April.

Since the Turnpike opened 8,063,335 vehicles have traveled 391,980,892 miles on the Parkway.

Naples Resident Writes Good Book

NAPLES — Among the books nominated by Indian University recently for consideration in the selection of the most distinguished books written by Hoosier authors and published in 1958 is "Jeb and the Bank Robbers" written by Eugene Ackerman, now a Naples resident.

Ackerman, a native Indian, was a nationally known textile executive until his retirement. He has been characterized as "Mr. Wool" for his championship of wool in its battle with new synthetic fibers. He was senior vice-president of Botany Mills and previously vice-president and merchandise manager of Forstmann Wollen Company.

"Jeb and the Bank Robbers," one of the few books selected for consideration, was published by Bobbs-Merrill Co. It is a story containing "suspense, danger, action and humor combined in an outstanding mystery," according to the publishers.

Chemstrand Has Its 10th Birthday

PENSACOLA — The Chemstrand Corporation is observing its 10th anniversary marking a period that has seen the company's interests reach around the world.

Chartered May 16, 1949 as a joint venture of Monsanto Chemical Co. and American Viscose Corp., Chemstrand now has three major production units, research and development facilities and a far-reaching sales organization.

First operating unit was the Acrlan plant built near DeCatur, Ala. Later, the 2,000-acre tract was purchased near Pensacola as a site for the Chemstrand nylon plant. Later, a plant was established at Coleraine, Northern Ireland, for Chemstrand Limited.

Chemstrand now employs nearly 9,000 persons and the company's sales in 1958 rose to \$172,968,231.

Batchelor - Rashley

Mrs. Ollie Batchelor, Pahokee, Florida, announces the engagement and approaching marriage of her daughter Arlene to George Rashley of Belle Glade.

Miss Batchelor is a graduate of Pahokee High School, class of 1954 and attended Charron-Williams Commercial College in Miami. She is employed as, Service Representative for Southern Bell Telephone & Telegraph Co. in Belle Glade.

Mr. Rashley attended school in Belle Glade, and is employed with Glades Cleaners of Belle Glade.

The wedding will take place Sunday June 21, 1959 at 3:30 p. m. at the First Baptist Church in Pahokee. No invitations are being sent. All friends are cordially invited to attend.

Bad Checks Show Decline For Spell

TALLAHASSEE — For the second month in a row, a sharp decrease has been noted in worthless check cases submitted to the Florida Sheriffs Bureau by local law enforcement agencies in the state.

According to figures released today by Sheriffs Bureau Director Don McLeod, 77 fraudulent check cases were submitted to the Bureau's Document Examination Section during the month of April. This is a decrease of 16 cases from the March total. And unlike March, when the value of individual worthless checks increased, the total value of checks in the April cases was only \$5,414.14, a new low.

Director McLeod attributes the season of the year as being the primary reason for the decrease in worthless check cases.

"National figures show the worst months for the passing of bad checks as being October, November and December," stated the Sheriffs Bureau director.

"April, May and June are usually the lightest months when it comes to the passing of worthless checks," continued McLeod, "and we hope that like April, the months of May and June will show a continued slump in this line of criminal activity."

The Sheriffs Bureau director stated that he has urged all state law enforcement agencies to submit bad checks to the Bureau's Document Examination Section. When submitted, these are compared with previously submitted checks on file in the Bureau's Fraudulent Check File and many identifications are affected in this manner.

An important aid in curbing the activity of check passers, the Fraudulent Check File is greatly responsible for the fact that in April cases 36 percent of the submitted checks were identified to persons having a fingerprint record on file at the Bureau or with checks previously submitted by law enforcement agencies.

Motorist Relief If Bill Passes

TAMPA — Relief for the over-taxed motorist is in sight following the introduction of a resolution for a constitutional amendment in the Florida Legislature.

The proposed amendment, introduced by Senator Fred O. Dickinson, Jr., of West Palm Beach, would provide that funds derived from fees, excises or taxes relating to the registration and operation of motor vehicles be used for highway purposes.

"Florida's prime industries must depend on state highways for transportation," said Marvin L. Holloway, manager of the Peninsula Motor Club, AAA. "Yet there is a deficit of about \$8 million in the primary highway program and it will take approximately 20 years to catch up. According to the State Road Department."

"Motorists of Florida are paying 35.02 percent of the state's revenue in automotive taxes," Holloway said. "Hence, the motorist pays for the highways he uses and for the administration of the road program. But let's not have the motorist pay for running the general government."

Two Million Cows In State Pastures

KISSIMMEE — Florida's population (cow population, that is) reached the two million mark for the first time in history, as of last January 1—so the U. S. Department of Agriculture estimates. During the years 1951-1956, Florida's beef production (in terms of pounds) increased 90 percent—double the national increase of 45 percent in the same period.

These two figures mean simply that Florida's cowmen are not only producing more cattle—but they're producing heavier, better-eating cattle today than they were a decade ago.

These improvements are the result of the planting of some two million acres of erstwhile unused Florida land to improved, fertilized pastures, and of the widespread use of high quality purebred breeding stock—Angus, Brahman, Brangus, Charolais, Charbray, Hereford, Santa Gertrudis and Shorthorn.

Today Florida is producing cattle as good and better than the cattle produced anywhere in the United States!

The process is continuing. This year thousands of additional acres are being cleared and planted. Miles and miles of irrigation ditches are being dug so that pastures will grow even during dry seasons. Many acres of corn, millet and other crops are being planted to build up soils and to provide silage and hay for next winter.

Dr. Ned Cate, the University of Florida's Agricultural Extension Economist, says Florida will have 2.7 million head of cattle by 1965 and they'll be even higher quality than today's.

With all this improvement, it's no wonder that Florida cattlemen get all steamed up when they see an advertisement featuring "Western" beef—or they hear a housewife specifically ask for "Western."

Actually, the terms "Western" and "Florida" are meaningless, since poor beef is produced in the West and top grade beef in Florida. (It's interesting to note that in the West, people are urged to buy "Eastern" beef!)

The Florida cowman advises the housewife to buy the same way many cowmen sell — by federal grade. This is as near as you can come to asking for a uniform product each time you buy beef. These are the terms:

U. S. Prime — If you ask for this, you'll get the very best—and you'll pay heavily for it because there's a lot of waste fat. Actually, only a small portion of the U. S. production grades "U. S. Prime" and it's used almost exclusively by hotels and high-class restaurants.

U. S. Choice — This will be consistently good beef, not as expensive as "Prime" but high enough to put a dent in your budget.

U. S. Good — which is what you now pay approximately \$1.00 per pound for in the meat market, and you'll find generally tender, with no great amount of waste fat.

U. S. Standard — is also good eating beef, if properly prepared. It may lack some of the grain flavor of U. S. Good since it's ordinarily fattened on grass. It is from young animals, however, an should be tender.

U. S. Commercial — is from older animals than U. S. Standard. Preparation is very important in cooking it.

U. S. Utility, U. S. Cutter, U. S. Canner and U. S. Cull grades are primarily used in processed meats: hot dogs, sliced meats, etc. These grades should not be purchased for consumption as fresh meat.

By asking for U. S. graded beef (and asking to see the U. S. grade on the beef before cutting), housewives can depend on getting just what they pay for.

It may be Florida beef or it may be "Western"—but the housewife won't care because the quality will be uniformly good.

SCOUTS GO ON CAMPING TRIP
The Canal Point Boy Scouts went on a camping trip last weekend. About twenty boys went on the trip. The Scouts camped on Peace River. They report a fine outing.

Graduates Will Be Church Feature

The Worship Hour of the First Baptist Church in Pahokee this Sunday morning will feature the graduates of this year's Pahokee High School graduating class who attend church at First Baptist. The group will sit in a body and the Pastor's message will be in keeping with the occasion.

Among those who will be honored are: Joan Darden, Jean Kay Friend, Jean Brown, Wynette Sheffield, Alvy Early, Richard Hardaway, Gene Farnell, Billy Miller, George McElhenry, Shirley Kincaid, Suzanne Young, Dorothy Elizabeth, Tripp Alderman, Jane Watson, Donald Thompson, Jerri Uphergrove, Sonny Folds, Linda McRaney, John Usher, Carol Watson. This is an annual feature of the church program.

Collins And Mayo Get Certificates

TALLAHASSEE — Gov. LeRoy Collins and Commissioner of Agriculture Nathan Mayo were recently presented with Certificates of Membership in the Florida Public Relations Assn. Hall of Fame during a meeting of the Governor's cabinet.

The Hall of Fame was established last month by the public relations group to honor those men in Florida who have, through the years, excelled in promotion of the Sunshine State. A specially constructed display was dedicated in the Florida State Chamber of Commerce building in Jacksonville.

Gov. Collins, in receiving the certificates, said, "I feel that my inclusion as a member of the Florida Public Relations Association Hall of Fame is one of the greatest honors I have ever received. I am especially happy to see that I join Commissioner Mayo in this honor."

The certificates were presented by Jack Shoemaker, a vice president of FPRA and Director of Immigration of the State Department of Agriculture.

Other Florida notables honored by the public relations group and included in the Hall of Fame were Richard D. Pope, Sr., of Cypress Gardens, John Ringling, Henry Flagler and Steve Hannegan, original promoter of Miami Beach. Candidates are selected by popular vote of the FPRA membership.

Silver Springs Is State Movie Center

SILVER SPRINGS — Silver Springs, the tourist attraction near Ocala, has often been referred to as the movie capital of Florida. And the 94 movies shot here during the past year indicates the Central Florida resort has been aptly named.

Leading the list of films is the popular television series, Sea Hunt, which stars Lloyd Bridges. A total of 52 episodes of the series have been shot at Silver Springs in whole or in part within the past year.

Paramount Studios also shot underwater scenes for a new Jerry Lewis picture, Don't Give Up the Ship. Another feature filmed in part was The Wild Women of Wongo.

Other films made at Silver Springs recently include two Boy Scout movies, filmed for the Hy Gardner television show, a State Road Department film, and a television short for the Jack Parr Show on TV.

Travel Guides By The Millions

DAYTONA BEACH — Quality Courts United, Inc., has just completed printing 3,500,000 guide books. Together with the two million printed in January, this 5,500,000 total represents the largest single guide-book printing in the country.

Travelers may obtain the new book from any of the 500 independently operated Quality Courts located in all states east of the Mississippi and in eastern Canada.

1959 Changes In Employment Law

TALLAHASSEE — It will be necessary for Florida employers who pay the Unemployment Compensation tax to report the weeks of work of each employee under law changes made by the 1959 Legislature.

The amendments increased maximum jobless benefits from \$30 for 13 weeks to \$33 for 25 weeks. But they also make the qualifying requirements in Florida the most stringent of any state. Minimum worker earnings required in a "base period" are increased from the present \$200 to \$400 and workers must average not less than \$20 per week for at least 20 weeks to qualify on becoming involuntarily unemployed. There was no previous requirement on number of weeks worked.

State industrial Commission Chairman James T. Vocelle said that "It is highly important that every employer in the State liable for the Unemployment Tax know of the law change requiring reporting of weeks each employee works. This has not been required previously, as only wages paid workers had to be reported. Both wages paid and weeks worked now will have to be reported, beginning with the quarter which ends June 30 this year, reports of which are due in July."

"This means all employers will have to show for the report period beginning with this past April, the number of weeks in which each worker has worked," Vocelle notes. "Work in one day in a week constitutes a week worked under the law," he adds.

Vocelle said that the cooperation of employers is essential to carrying out provisions of the law changes "to tighten up unemployment insurance so that anyone who has not shown genuine attachment to the labor market, by having worked at least 20 weeks in his base eligibility period, can no longer qualify."

State Unemployment Insurance Director C. M. Mann said all liable employers will be mailed the regular reporting forms the last week in June on which the additional data of weeks worked must be reported.

No Sugar Quota For Coming Year

WASHINGTON — The Agriculture Department announced Monday it will not impose acreage restrictions on the 1960 cane sugar crop in Louisiana and Florida.

The department said its decision was in line with recommendations made by spokesmen for about 80 percent of the farmers at a hearing in New Orleans April 30.

Acreage controls were dropped because stocks in the mainland growing area probably will be "less than desirable" next Jan. 1, officials said.

PFISTER IS FRAISED

The county commission Monday noted the death of Ed Pfister, veteran news reporter and Palm Beach County chief for the Miami Herald, and voted a resolution of sympathy for Pfister's family.

Commissioner Paul Rardin who suggested the resolution described Pfister as a "genuine newspaper man's newspaperman."

Pfister, 58, who died last week, was one time employed as a publicity representative for Palm Beach County.

How the armour of righteousness enables man to withstand the attacks of evil will be brought out at Christian Science services Sunday.

In the Lesson-Sermon entitled "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced," passages read from the Bible will include (Ephesians 6:11): "Put on the whole armour of God, that ye may be able to stand against the wiles of the devil."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (571:15): "At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil. Clad in the panoply of Love, human hatred cannot reach you. The cement of a higher humanity will unite all interests in the one divinity."

Fellowship Dinner Pahokee Baptists

Thursday evening members of the First Baptist Church in Pahokee gathered in Fellowship Hall at 7:30 PM for a covered dish Fellowship Dinner. The occasion marked the Kick-off for funds to increase the capital assets of the church.

C. E. "Bill" Williams, Chairman of the Finance Committee, was Master of Ceremonies and the featured speaker was Dr. Allan Watson, Pastor of the Northwood Baptist Church, West Palm Beach.

Both cash and pledges will be received toward the Building Fund. Pledges will be made payable over a three year period, during which time the church plans to install heating and air conditioning, remodel Fellowship Hall, finish the balcony of the new Sanctuary, and do some remodeling outside. Too, the Fellowship Dinner will honor some of the members of the church who will be moving away to other places this summer.

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a home or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative continuously when held to maturity.

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,948.08 cash. In 9 years, 6 months, you'll have \$7,217.29!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

If you want your interest or current income, call your bank about Series H Bonds, which pay dividends monthly by Treasury check.

Because Ford is selling the most cars, Ford Dealers are giving the best trades now during Dividend Days!

Check the dividends you get in Ford like those on the "Big Board" above and you'll agree—Fords are built for savings! Then, check the dividends you get in comfort—like wider doors, full-depth seat springing and easy-to-reach trunk space. You'll see why they say, "Fords are built for people!" Now, check the better deal you can get on the World's "Best Seller" during Dividend Days at your Ford Dealer's! You'll go Ford.
